

DR. B. B. BAILEY DIED SUDDENLY ON FRIDAY MORNING

Former Pastor of First Baptist Church
Died Very Suddenly at Alexandria,
La., Friday Morning—Was
Greatly Loved Here.

Maysville was shocked Saturday morning when the news was received from Shelbyville, Ky., of the death at his home in Alexandria, La., on Friday morning of Dr. B. B. Bailey, former pastor of the First Baptist church in this city. His death was very sudden and was probably caused by his very hard work since leaving Maysville as an evangelist of the Southern Baptist Convention.

Dr. Bailey was born in Tennessee and would have been 58 years old today. His first important pastorate, after his graduation from the Southern Baptist Theological Seminary in Louisville, was in Winchester, where he remained for ten years, going from that city to Shelbyville, where his pastorate continued from 1907 to 1912.

He resigned his charge at Shelbyville to accept a call to Macon, Ga., and from there he went in turn to Texarkana and Arkadelphia, Ark., and from the latter place came to Maysville. He resigned the pastorate of the local church to become one of the accredited evangelists of his church and in that capacity he conducted meetings all over the South.

Dr. Bailey was regarded as one of the outstanding pulpit orators of his denomination and his work in the evangelistic field was attended by marked success. He continued in this work until he accepted the call to Alexandria in September.

Dr. Bailey is survived by three children of his first marriage, Mrs. John F. Davis and Mrs. Mark A. Wakefield, Shelbyville, and Bernard Bailey, New York City; his second wife, who was Miss Goldie Coots, of Shelbyville, and one daughter, Betsy Lee.

Dr. Bailey's body was sent from Alexandria Friday afternoon, and will arrive at Shelbyville Sunday morning at 9:27 o'clock. Funeral services will be held at the Shelbyville Baptist church Sunday afternoon at 2:30 o'clock. Burial will be in Grove Hill Cemetery.

SAMMY MADDEN IS MAKING GOOD IN THE TEXAS OIL FIELDS

Maysville Man Runs Across Local
Street Walk Who Is Making Good
In Great Texas Oil District—
Coming Home Soon.

Maysville friends have just received a letter from Mr. Harry Owens, local traveling man, from San Antonio, Texas, in which he says that a few days ago he ran across a fine looking young man who surprised him by introducing himself as Sammy Madden, formerly of Maysville.

Sammy will be remembered by most every one in Maysville. He was quite a character on the local streets for years. He left Maysville some years ago with a company of Kentucky State Guards but later returned for a short time. On his second trip Sammy is said to have almost covered the whole globe and he has not been heard from since leaving.

He told Mr. Owens that he drifted into San Antonio where he made friends with a very wealthy oil magnate who gave him a chance at school and then put him in his business. Sammy is now filling a very important position in his benefactor's business and making a salary of \$200 a month. He informed Mr. Owens that he was planning a trip back to Maysville in a short time to find his mother and sisters and take them back to Texas with him.

TRACHOMA BEING ERADICATED FROM COUNTY OF MASON

Mason County Health Department,
Headed By Expert on Dread Tra-
choma, Is Making Rapid Strides
In Eradicating Disease.

People of Mason county should be grateful that Dr. Guitard was sent to our county as Health Officer just at this time for this most efficient health official, expert in the disease of trachoma, has been enabled to discover in the youth of the county a large number of cases of trachoma which was rapidly spreading throughout the county, and take immediate steps to stop the disease.

In an examination of the children in the public schools, Dr. Guitard and his most efficient nurses, have discovered a total of 125 cases of the disease. Already 38 of these cases have undergone operations and each Saturday the Health Department's headquarters are filled with patients anxious to undergo the operation that will save for them their eyesight.

Saturday morning Dr. Guitard performed five such operations, several of Saturday's cases were typical of the most advanced stage of the disease. Dr. McCormack, Secretary of the State Board of Health, Mr. Henry Halpern, instructor in the Kentucky Military Institute, Mrs. Jos. T. Dahlgren, Miss Donaldson and Miss Gertrude Bush, all of Louisville, were here to witness the operations.

Dr. Guitard is regarded as one of the most prominent authorities on trachoma because of his extensive experience with the disease in the West and Mason county people should consider themselves indeed fortunate to have such a capable man to head our Health Department at this time and to put a stop to this threatened spread

PREMIER OF JAPAN ASSASSINATED FRIDAY

Premier Hara Fatally Stabbed in the
Breast at Tokio Railroad Station
and Died Within an Hour.

Tokio, Nov. 5. — Premier Hara was fatally stabbed in the breast Friday at the railroad station in Tokio. He died an hour later.

The assassin, who is nineteen years old and demented, was arrested. The premier was on his way to Kioto to attend a political meeting. He died in the station where he was attacked.

Viscount Yasuya Uchida, foreign minister, is acting as premier.

The assassination of Premier Hara comes at a dramatic moment, when the Japanese delegation was assembling for the Washington conference and when Japanese are intensely interested in the international issues in which Premier Hara has until now taken such an important part. He had been urged to head the delegation to Washington, but finally decided that his services would be better employed at home.

Premier Hara declared in recent statements that Japan was ready to accept a limitation of her naval establishment along with the rest of the world and was always keeping in mind the necessities of her national defense.

AMERICA WOULD LEAD THE WAY IN NAVAL REDUCTION

Announcement Is Made That America
Would Prove Its Faith By
Leading in Reduction
Of Armaments.

Washington, Nov. 5. — United States will offer to set the pace for the rest of the world in disarmament.

At the coming arms conference this government will present a generous offer to limit the American navy within certain definite lines.

The American offer, if put into effect, will mean a more substantial reduction in naval armament than the most optimistic have hoped for.

Moscow, Nov. 5. — In a note addressed to the United States, Great Britain, France, Italy and Japan, Foreign Minister Tchitcherin has protested, in the name of the Soviet Government, against exclusion of Russia from the Washington arms conference. Tchitcherin asserted Russia would not be bound by any decisions resulting from the Washington meeting.

RUMOR UNTRUE.

The rumor that Dr. J. A. Dodson had withdrawn from the race for member of the Board of Council we find upon investigation is untrue. Dr. Dodson is a very active candidate for member of the Board of Council from the Third ward.

Dr. Dodson has served four years as a member of the Board of Council, and as a property owner and a man of large experience in city affairs, should command the votes of the tax-paying citizens of Maysville.

Lucien Malby would make an excellent County Commissioner. Vote for him.

MOTOR CLUB VOTES TO SUE ROAD DEPARTMENT
Want License Fees Applied to Upkeep of Highways; Claim Law Not Being Observed.

Louisville, Ky. — The directors of the Kentucky Motor Club, by a majority vote, have authorized the filing of a suit against the State Road Department to compel the observance of a Court of Appeals decision handed down in 1917 in the Smith case, Albert L. Terstege, president of the club, announced recently. If successful this suit would, in effect, require that the fund derived from automobile license fees be applied to maintenance of the completed highway of the state.

Stiff opposition to the suit, however, is to come from the State Road Department and other administration circles. It is learned Governor Morrow, himself, will take a hand in the matter, having already sent telegrams and letters to a number of directors of the organization requesting that he be given a hearing before suit is filed.

In compliance with the request of the governor, Mr. Terstege recently called a special meeting of the directors for Tuesday, November 15, at the club's offices, 416 West Liberty street, this city, to give the governor a hearing. Members of the Highway Commission also are expected to attend.

The letter of Mr. Terstege to the governor yesterday, notifying him of the action of the organization, was made public today and is as follows:

"A special meeting of the Board of Directors of the Kentucky Motor Club is being called for 10 a. m. Tuesday, November 15, at the Club's office, 416 West Liberty street, Louisville.

"This special meeting is called for the purpose of inviting you to be present to hear your reasons why the Kentucky Motor Club should not file a suit to enjoin the Highway Department from expending automobile license fees in any other manner than as directed by the Court of Appeals in its decision in the so-called Smith case as handed down in 1917.

"For your information, the vote by mail was two to one in favor of bringing this suit. However, because of the fact that a number of the Directors received telegrams and letters from you urging them to cast their votes against bringing the suit, I take it you must have some very good reason why the matter should not be adjudicated

by the courts, and consequently also a good reason as to why maintenance of the roads already built is not more important than the construction of new mileage.

"Therefore, I take great pleasure in inviting you to appear before the Board at the above time and place.

"May I add that the members of the State Highway Commission are also being invited."

Many miles of state-aid road already constructed are now going to pieces, because of failure or inability of the counties to maintain them, according to officials of the motor club, who assert that what approximately one-half of the inter-county seat system of roads has been completed lack of maintenance has placed the entire completed mileage in a deplorable condition.

In its decision upholding the constitutionality of the state automobile license tax in the Smith case, the court sustained the law in these words, — "hence, we conclude that it is within the police powers of the state — to enact a statute — imposing a license tax upon their use of the public highways, where the tax, after the expenses of the registration and supervision are satisfied, goes exclusively to the upkeep of the highways and to remedy the injuries, while the vehicles have caused." It is therefore plain that under this decision the automobile license fees collected by the state can be expended

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Maysville.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills relieve sluggish kidneys—relieve aching backs. Ask your neighbors. Here's Maysville proof:
Mrs. H. Jones, 702 East Second street, says: "I well know the value of Doan's Kidney Pills, having used them for disordered kidneys and backache and they cured me of the complaint. My back had been giving me trouble for sometime. There was a dull, nagging pain across the center of my back just over my kidneys. Many a day I had to let my housework go undone as I was feeling so miserable. I had pains in the back of my head and my kidneys weren't acting regularly. As Doan's Kidney Pills had been used in my family successfully I went to Wood & Son's Drug Store and got three boxes. After using them I was all right. I am glad to recommend Doan's."

only for maintenance, and that the present procedure of the State Road Department is not in compliance with the decision.

The State road system provided for by the last session of the Legislature calls for 3,979 miles of inter-county seat roads. One-half of this system, or approximately 2,000 miles of hard-surface roads have been completed, at a cost of millions of dollars. However, it is claimed, the major portion of this completed system is in a deplorable condition, having been allowed to deteriorate through lack of proper maintenance, so as to become useless so far as a modern highway is concerned.

It is claimed that should the automobile license fees collected by the state be applied solely to maintenance purposes, the completed roads could within a period of several years be placed in a splendid condition and

that maintenance of existing roads is of utmost importance and should be taken care of before another mile of new road is built.

It is pointed out that besides being economically sound this policy would provide an ideal maintenance fund because of the number of automobiles, and hence the size of the fund will increase automatically with the increase in the mileage of new roads built under the settled policy of the state in creating the State Primary Road System.

The Kentucky Motor Club, the organization which is behind the contemplated suit, while organized less than one year ago, now numbers more than 1,500 members from every section of the state. Its officers and directors are:

WOMAN AVOIDS AN OPERATION

Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her

Star, N. C. — "My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true." — Mrs. J. F. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

New York Letter

by Lucy Jeanne Price

New York. — Anyone who cherishes the thought that New York women adhere to the old-time curse of being "slaves to fashion" is getting considerable of a blow this season. She has broken her chains part way through, at least, and is doing it with a gesture of sheer delight. "Long skirts," said Paris, and the fashion dictators on this side echoed, "Hide your ankles." Has the New York woman responded en masse. She has—with a blithe but clarion "No, indeed." On the stage, one sees instead approaching draperies and lower hems in the straight around skirts. In some of the shop windows one sees them. And occasionally, oh, VERY occasionally, some woman wears one down town with an effort not to look self-conscious. But for the vast majority, of smart, well-dressed women, there has been no knell of the ten inch skirt and no intention of sounding — or hearing any knell.

One New York hotel has opened a "thinking room." It doesn't attempt

to describe what the guests are to think about nor how hard they are to think. They just provide perfect and complete silence—no talking aloud, no being paged, not even a rustling of newspapers—and then leave the heat to the occupants of the muffled, heavy walled and heavy-carpeted room. Several men have been found devoting their time there-in entirely to a contemplation of their hotel bill.

The combined waistlines of Dr. Copelands class of fat women have been reduced by eight feet since their training started.

A new play for John Barrymore, who has just arrived home from England, is said to be all ready and in the hands of Arthur Hopkins, who will present Barrymore this season. The title and nature of the play has not been allowed to creep to public ears as yet. One rumor is that it is based upon the life of a prominent American literary figure. Another and more interesting story is that Mr.

The center of congregation on the part of out-of-towners who are here for a day or a week is Forty-second and Broadway; the center for those who are here for a month or a season is the New York Public Library at Forty-second and Fifth avenue. The home newspaper is the attraction for those who are cut off from their old associations for more than a few weeks. I tis the connecting link with "back home." "The number of young men and women who come in here increases in the fall of every year," said an attendant. "They're the students who have come here to college and are homesick."

The strictness of New York State divorce laws is affording free rent for a year to one young business woman of this city. Her sister, who also lives on Manhattan Island is suing for divorce. She didn't want to get it under our laws, so she took a house over on the Jersey side. But she won't live there. Consequently she turned it over carte blanche to her self-supporting sister, goes on herself to spend Sunday and has all

of her mail sent there. The law is therefore satisfied, she can keep on being near her Manhattan friends, and the sister will have several hundred dollars in the bank at the end of the year instead of in the landlord's till.

—NY—
One more tradition has fallen overboard in this inconoclastic age. A little group of serious thinkers went out to the Bronx zoo the other day to test the claim about music soothing the savage beast and so on. They sang Schubert's entrancing "Song of Love" to Brown Ivan, biggest of the zoo bears, and he only reared on his hind legs and protested. The stolid buffaloes walked out on the performance and left it flat. So it was all along the line. No appreciation! no evidence of being soothed; nothing at all like a conscious reaction to uplift.

COUNTY CLERKS NOTIFIED OF HIGH COURT'S RULING
Attorney General Charles I. Dawson has sent this letter to all County Clerks in Kentucky:

"November 1 1921.
"Dear Sir:—
"The Court of Appeals today in the case of Clark vs. Nash, held that portion of the Absent Voter Law which permits persons outside of the county to vote by mail in the general election, under the Absent Voter Law, is unconstitutional, and that no person has a right to cast his vote in the polling place in person. The court held, however, that that portion of the Absent Voter Law which permits persons outside of the county to register by mail is valid.
"Therefore, you should not deliver to the election officers any ballots that come into your office which have been voted by absent voters, and, if you have already sent these ballots to the various precincts, you should instruct the election officers not to open the envelopes containing same and not to deposit such ballots in the ballot box, and to count them for no purpose whatever.
"Of course, you will understand that you should disregard any further requests from absent voters that you send them ballots.
"I am sending this letter to each county court clerk in the state, for fear that some of them may not be advised of this opinion of the Court of Appeals.
"Very truly yours,
"CHARLES I. DAWSON,
"Attorney General."

BRACKEN COUNTY SUE ON \$20,000 ROAD CONTRACT.
Augusta, Ky., Nov. 3. — Suit has been begun in the Bracken Circuit Court against the Bracken Fiscal Court by road contractors for more than \$20,000. Contracts were awarded for building seventeen miles of state road, from Germantown to Lexington, at \$7,200 a mile. Taxpayers enjoined the building of the road, contending that the bond issue of \$200,000 voted five years ago, was not being spent as set out in the pre-election order.

The Court of Appeals ruled that the contract with Fiscal Court was null and void. The contractors sue for money due them on estimates made before the Court of Appeals rendered its decision.

LOVERS' QUARREL RESULTS IN HICKMAN MAN'S SUICIDE.

Hickman. — Milton Caldwell, 24, quarreled with Miss Nannie Reeves, his sixteen year old fiancée, fired a .38 caliber bullet into his body, ran from the girl's home and sank to the sidewalk. He died soon afterward. Caldwell, it is said, was told by Miss Reeves that she would not marry him so long as he used liquor. Following this statement he reiterated an oft-repeated threat to commit suicide.

—LOUISVILLE COURT.
Louisville. — A romance beginning in Russia seven years ago was brought to a dismal close when Alex Korinsky brought suit for divorce from Ida Korinsky. They were married in Odessa, Russia, just prior to the opening of the World War. His bride ran away from his seven months later. Korinsky came to America, hoping to forget everything. His wife remained in Russia.

TO THE VOTERS OF MAYSVILLE

As a candidate for Mayor I have not appealed to race prejudices against a political party to attain their vote and am sorry that my opponent has seen fit to do so.

Mr. Russell's flaming posters are on all the billboards and his red letter blotters are in every home, yet after four years acting as Mayor he seems to be unable to tell the voter of any important act that he has ever done.

If he has ever accomplished a single thing to help Maysville grow he fails to tell the people. If he has put over any measure that has been for the uplift of this community no one knows it. His telegrams and telephone messages to Frankfort DID put Maysville in the Third Class but he got ashamed or afraid of his new baby and ran away from it, and the poor thing came very near being lost on account of his cruel neglect of it.

When elected Mayor I will use every possible effort NOT to waste the Public Money. I will oppose the raising of the tax rate unless the public desires some city improvement, and in that case the wish of the majority will be followed. I will never try to pass any important measure before giving it to the public through our newspapers.

"Let us put aside all personal prejudices and resolve to do all in our power to make this the best city on the Ohio River. We can do it. In union there is strength and concerted action will bring results."

Remember no higher taxes. And will always take the public into my confidence before passing any important measure.

Vote for the interest of Maysville. Respectfully, J. H. SAMUEL, Candidate for Mayor of the City of Maysville.

Frank G. Hunsicker, member of Council from Sixth Ward, is a candidate for re-election.
